Chunky Leek and Potato (Veg, GF): Time to start thinking about what you're going to plant next in your garden! MY vote is a row of leeks! Leeks are a very special allium; they're nutritious, easy to grow and a vegetable that many people love to cook with! Planting will begin late spring and harvesting will begin in the fall. They are safe in a garden bed near beets and carrots, but are recommended to stay away from beans and peas. They are also known to help with digestion and reduce inflammation. Wow. They sound fabulous? Where do I sign up? Well, start with devouring your quart of Chunky Leek and Potato soup and then we'll talk. :)

Serving Suggestion and Garnish: Find the biggest pretzel in all of Portland and don't look back! Dunk with each bite of soup.
